Hooksett Village Water Precinct Wins Award

Walpole, NH- Granite State Rural Water Association presented Hooksett Village Water Precinct with the 2020 System of the Year Award. This prestigious award recognizes the Precinct for its accomplishments in the area of proactive planning and public outreach initiatives including modernizing a well station to improve safety, efficiency and communications, completing an inventory of system assets using a high tech Geographic Information System and hosting a water system overview and a groundwater protection Best Management Practices outreach meeting.

Each year Granite State Rural Water Association considers candidates from its approximately 200 member utilities. According to Executive Director, Jennifer Palmiotto, “We would like to recognize Superintendent Michael Heidorn and his outstanding team. They have worked hard and should be recognized for the improvements that they have made to their system.”

Granite State Rural Water Association is a trade association and is the New Hampshire state affiliate of the National Rural Water Association. GSRWA and provides training, technical assistance, and legislative representation for drinking water and wastewater utilities throughout the New Hampshire.
